

TM-55

Microsphere Repositionable Acrylic Adhesive

Microsphere Technology

- Constructed of small spheres measuring 10 and 250 microns
- Sphere shape creates less contact with substrates
- Lower peel value compared to conventional adhesive
- Does not lose peel adhesion after being repositioned

Repositionable Acrylic Emulsion

- Microsphere removable
- Removes cleanly from most papers and substrates
-As always, testing is recommended. Please see full warranty statement below.
- +40 degrees F minimum application temperature
- 0 to +150 degrees F temperature service range
- Complies with FDA 175.105 for indirect food contact

Temporary Applications

- Carton Labels
- Return Labels
- Restocking Labels
- Promotional Labels
- Shelf Labels
- Telephone Labels
- Picking Labels
- Hospital Charge Back
- Inventory Control
- Tote & Bin Labels
- Counter Mats
- Credit Card Activation
- Merchandise Labels
- Mirror/Glass Mfg.
- Product Assembly
- Reply Card Labels
- Courier Labels
- Direct Mail
- **USPS Outside Envelope Approved!**

Peel Test Performance

The microsphere adhesive has limited physical contact, resulting in low peel, removability and stable tack over time. The conventional adhesive has a high amount of physical contact and not as smooth and clean release.

WARRANTY: All data obtained through ASTM standards and are typical and should not be used for specification purposes. Because of the variety of possible uses, the buyer should test the suitability of each intended use. The buyer assumes all risks in connection with such use. Technicote will not be liable for damages in excess of the purchase price of products or for incidental or consequential damages. TECHNICOTE warrants the products to be free from defects in material and workmanship. Should any failure to conform to this warranty appear within one year after the initial date of shipment, TECHNICOTE shall, upon notification thereof and substantiation that the products have been stored and applied in accordance with TECHNICOTE's standards, correct such defects by suitable repair or replacement without charge at TECHNICOTE's plant or at the location of the products (at TECHNICOTE's election); provided, however, if TECHNICOTE determines that repair or replacement is not commercially practical, TECHNICOTE shall issue a credit in favor of BUYER in an amount not to exceed the purchase price of the products.
