

ULTRA-REMOVABLE AND REPOSITIONABLE ADHESIVE PRODUCTS

PEEL AWAY TM-65

REPOSITIONABLE · REMOVABLE · REUSABLE

Get away clean. Every time.

Introducing Strata's innovative TM-65 adhesive, a microsphere technology designed to provide a clean release from surfaces without leaving residue. This specially-engineered adhesive has ultra-removable and repositionable characteristics that work effectively across a variety of film facestocks including vinyl, polypropylene and synthetic papers.

FEATURES

- **Multi-Functional:** This single adhesive is extremely effective across multiple film facestocks including vinyl, polyester, polypropylene and synthetic paper making it easy to use across various applications
- **Application Variety:** TM-65 is effective on glass, semi-gloss paint, stainless steel, paper and acrylic paint for a variety of applications including direct mail advertisements, shelf labels, promotional labels and repositionable labels
- **Clean Removability:** Peel Away TM-65 delivers clean removability from multiple surfaces—even after being applied for a long period of time
- **Easy Release:** Paired with Strata's Score-Back™ liner for easy release
- **Availability:** Peel Away TM-65 is stocked as SC108 (4 mil White TC Vinyl/TM-65/4.6 mil Zero Score liner) in 27" x 38" sheets with master rolls available on the quick-ship program. TM-65 is also available across a variety of facestocks and liners.
- **Cold Temperature:** Peel Away TM-65 products are proven to work on colder environments with a minimum service range of 20° F
