

Quick Ship Program

Finding the right solution for timely custom orders can be a difficult task. It requires a custom coating run, slitting run and sheeting run potentially resulting in lead times that don't meet your customers' demands. That is why Strata has developed the Quick Ship program. Our program provides quick turnaround on custom sheet sizes allowing for products to be sheeted to the customer's size and volume and shipped within 2–3 business days!

Pallet pack only. Carton packaging may require longer lead times.

Strata Quick Ship Program Benefits

-  **Improved lead times:** Sheeted and shipped within 2–3 business days
-  **Wide range of order sizes:** Ranging from 1.5 MMSI to 20 MMSI
-  **Custom sheet size:** Perfect to meet your customer specifications
