

4 Mil Direct Thermal White BOPP

NEW!

Technicote's new line of Direct Thermal BOPP products delivers exceptional solutions for a wide range of applications

4 Mil Direct Thermal White BOPP Portfolio

To meet the ever-increasing demand for thermal products, Technicote has developed a portfolio of new 4 mil Direct Thermal BOPP products for the pressure-sensitive label industry. These high-performance materials are effective in a wide range of applications and available at prices and quantities suited for your needs. Combined with Technicote’s responsive customer service, our new portfolio is the right solution for your Direct Thermal BOPP needs!

Product

A superior BPA-Free Direct Thermal Top-Coat offers high image sensitivity, preservation properties and high tear with options that are moisture, freeze, grease & fat resistant.

Performance

Whether paired with our all-temp, versatile freezer grade adhesive AT333 or one of our specialty durable adhesives, Technicote will design the right product for your specific application needs.

Service

Our Tech25 low MOQ service program (2,500' MOQ) is a flexible solution that allows our thermal face stocks to be combined with a large number of adhesive and liners to provide an effective solution.
