

Black Chromecast

Premium label products for premium brands

Many premium brands require extraordinary black labels to convey the quality of the product. Unfortunately, achieving this look with traditional facestocks can cause quality issues and extra print costs. Technicote's Black Chromecast products provide a superior quality appearance and alleviate technical issues of attempting to produce a striking black label with traditional materials. Our premium Black Chromecast label materials will deliver the noteworthy look and feel your customers require for their high-end products.

Benefits of Technicote Black Chromecast Products

STUNNING APPEARANCE

Technicote's Black Chromecast products have an ultra-smooth, high-gloss surface that allows for excellent printability and hot-foiling.

EXCEPTIONAL COLOR

No need to print twice on traditional white facestock to create an even black tone. Our Black Chromecast provides beautiful, opaque black color—even on the edges!

LOW MINIMUM ORDER QUANTITY

Black Chromecast products are eligible for our Tech25 program which has a minimum order of 2,500' to simplify inventory management and reduce waste by delivering only what you need.

TECHNICAL CUSTOMIZATION

Let the technical team help determine the exact product needed for your application by choosing from a large variety of adhesives, liners and pattern capabilities.
