

TECHNICOTE SECURITY PORTFOLIO

Food Packaging Tamper-Evident Products

Technicote's line of tamper-evident products is the secure solution for your customers' food packaging needs

Food delivery is a rapidly-increasing industry that has specific packaging requirements to assure security — adhesive closures must guarantee that contents are safe for consumption. Leveraging decades of experience and a full portfolio of Security Products, Technicote has developed tamper-evident label materials specifically for this growing demand. Whether on the plastic cup of a cool beverage or the paper container of a hot sandwich, Technicote Tamper-Evident Products will provide customers with peace of mind.

Benefits of Technicote Tamper-Evident Products

STRONG ADHESION

Technicote’s tamper evident food delivery materials are strong enough to adhere to a variety of packaging materials at a wide range of temperatures.

EXCELLENT SPEED

Paired with Technicote’s Ultimate liner, products are easy to convert and printing speeds can be maximized.

QUALITY PRINTING

All of our materials allow for restaurants to provide key information such as logos, website, address and phone numbers as well as date coding and variable data.

TECHNICAL CUSTOMIZATION

Technicote’s experienced technical team can work with you to develop the right product for your specific application.
