

Small Office & Home Office Portfolio

Technicote's portfolio of Small Office & Home Office (SOHO) materials are ideal for the growing small office and home office market.

It is important now more than ever to provide materials for use in printers of a small or home office. The substantial increase in remote working as well as the affection for personalized brands have created a demand for materials that are uniquely designed to work in desktop laser and inkjet printers. Technicote's SOHO portfolio provides a range of products that are proven effective for these applications. Along with our [Tech 25 program](#) (2,500' MOQ) and an experienced technical team, Technicote is the right choice for small and home office printing solutions.

Benefits of Technicote Small Office and Home Office Applications

Our SOHO portfolio of products is designed to work for conventional & sheet-fed laser printers and copiers and inkjet printers for roll-sheet applications.

QUALITY PRINTING

Our materials provide excellent toner bonding and high print resolution

OUTSTANDING ADHESIVES

Our line of permanent and removable adhesives are resistant to high temperatures from laser printers

EXCELLENT LAYFLAT CHARACTERISTICS

Our SOHO products keep your projects running smooth by including layflat liners that avoid unwanted curling

SMALL MOQ

Technicote will continue the Tech 25 2,500' MOQ on most items

Dedicated Technical Support

Our experienced team is ready to develop the right material solution, troubleshoot questions and provide support for your production and application. [Visit our SOHO page](#) on our website to reach our experts.

FACESTOCK	ADHESIVE	LINER	TONER FUSION	INK JET
